The time frame a book is available as a free download is shown on each download page, as well as a full description of the book and sometimes a link to the author's website.

Wired Style Principles Of English

First off, and most importantly, Wired Style isn't a style book. Strunk & White for the web, it ain't. That book hasn't been written yet. Wired Style is certainly written in the Wired style, but it provides mostly definitions and few examples of usage. Wired Style *is* funny sometimes, witty sometimes and condescending often.

1. Word order Word order is the most important element of what is known as syntax.English is an "analytic language" ; this means that it does not use a lot of word endings to indicate the relation between words.The relation between words is principally determined by the order in which they are placed. The most fundamental rule is that in a basic declarative statement, the subject comes first ...
