When Worlds Before Our Own was first published, it was met with scathing reviews--even demands that the book be taken from the shelves and burned. Steiger's desire to determine humankind's true origins has always been one of his greatest areas of interest, and he was shocked that both the scientific and religious establishments had reacted so negatively to the theories put forward in the book.

It was given to us, in the person of Jesus Christ, before time was, and when our Redeemer, in the fulness of time, appeared, then was it made manifest. "Before the world began"--quite literally, "before eternal times;" the meaning here is "from all eternity," before times marked by the lapse of unnumbered ages.

JPMorgan Chase got a deferred prosecution deal of its own. For years, it was the primary bank of the world's biggest Ponzi schemer, Bernie Madoff. Despite multiple warnings from its own employees, the bank never filed a suspicious activity report on him and allegedly collected \$500 million in fees.
